

June 1, 2023

**From: Antelope Valley RPAC**

**To: Mono County Board of Supervisors**

**Dear Board of Supervisors:**

The Antelope Valley RPAC has endorsed the Mountain Gate Park Recreation and Revitalization Project Plan developed under a grant from the National Parks Service. In the discussion as to whether to recommend the document for approval, there was some concern about insufficient public outreach because the bulk of the work on this plan took place during the pandemic. The consensus of the RPAC was to request that the County Community Development (CCD) mail hard copies of the full document (43 pages) to the residents of Antelope Valley. Please consider this request to direct the CCD to distribute the full plan and allocate funds for mailing the document to all residents of Antelope Valley through the US Postal Service.

Sincerely,

Katy Buell

Antelope Valley RPAC Chairperson
