

TRINDEL LEAP

Law Enforcement Assistance Program

"We Got Your Six, Take a Break From the Action"

What is LEAP?

Trindel recognizes the toll that it takes on our law enforcement teams to consistently protect and serve our communities. The LEAP program was created to help provide a focused approach to assisting our law enforcement members and their families during, and after traumatic incidents. We provide specialized services such as incident debriefing, culturally competent counseling, and other support following involvement in traumatic events to mitigate the impact on our law enforcement personnel.

WHAT DO WE PROVIDE?

Culturally competent professionals providing confidential and specialized counseling for the first responder community. Each member county law enforcement professional, their spouse and dependents are entitled to 3 sessions as a whole within any 6 month period for a total of 6 sessions per year.
