SERVICE FEE ADJUSTMENT:

The service fee includes all Contractor’s costs of providing Contract services, such as labor, fuel, capital depreciation, maintenance, and tipping fees.

“service fee” means the compensation County pays Contractor for providing services under this Contract.

a. *Scheduled Annual Adjustments.*

The service fee will be adjusted (increased or decreased) annually effective each July 1, under this Subsection if both of the following occur:

- the Contractor submits its calculations of the adjustment at least 30 days prior to July 1 for County review, and
- County verifies the calculations.

Service fees will be increased only if no event of default exists. The total adjustment, whether upward or downward, may not exceed 5% in any one fiscal year (July 1 – June 30). If any index is discontinued or revised, County and Contractor will substitute another index that they agree is comparable.

C-CPI-U means the Chained Consumer Price Index for All Urban Consumers: All Items in U.S. City Average SUUR0000SA0 published by the Bureau of Labor Statistics at the time of fee adjustment.

CNG means the price index for compressed natural gas (West Coast), in the preceding 4 quarterly reports, ending with the most recently published report in the

LNG means the price index for liquid natural gas (West Coast) in the preceding 4 quarterly reports, ending with the report most recently published price in the

Contractor acknowledges that the variable price of fuels is reflected in both the CPI and the preceding fuel indices, and that service fee is not adjusted for actual change in fuel prices.

The following percentages of the service fee will be adjusted by the corresponding partial percentage of the service transfer fee:

- 1) [PROPOSED %] by the CPI.
- 2) [PROPOSED %] by the DOE CNG.
- 3) [PROPOSED %] by the EIA LNG.
- 4) [PROPOSED %] by #2 Diesel.

Example:

- Numbers are hypotheticals, not derived from historical indices.
- The adjustment of the Transfer Service Fee is being calculated in April 2027, to be effective July 1, 2027

Table 1–Adjustment Due to Change in CPI.

Calculate percent change in CPI (12-month average, not month-to-month)	April 1, 2026-March 31, 2027	220
	April 1, 2007-March 31, 2008	205
	Percent Change	2.27%
Adjustment to Service Fee Component		2.27%

	July 2026 October 2026 January 2027 March 2027	X
	Percent Change	X %
	Adjustment to Service Fee Component	X%

*In this above example, the Contractor owns no LNG-fueled vehicles.

Table 3–Adjustment Due to Change in CNG

Calculate percent change in CNG (4-quarter average, not quarter-to-quarter)	PRIOR YEAR CHANGE	
	July 2025	2.00+
	October 2025	2.10+
	January 2026	2.20+
	March 2026	2.30 / 4= 2.15
	July 2026	
	October 2026	2.40+
	January 2027	2.50+
	March 2027	2.6+ 2.7 / 4= 2.55
	Percent Change	2.55- 2.15= 18.6%
Adjustment to CNG Fuel Component	30% of percent change in DOE CNG 3/10 Vehicles*	0.30 X 18.6%= 5.58%

*In this above example, the Contractor owns 3 LNG-fueled vehicles and 7 diesel-fueled vehicles.

Table 4–Adjustment Due to Change in Diesel

Calculate percent change in Diesel (12-month average, not month-to-month)	April 1, 2005 - March 31, 2006	400
	April 1, 2006 - March 31, 2007	450
	Percent Change	12.5%
Adjustment to Diesel Fuel Component	70% of percent change in DOE Diesel (7/10 Vehicles)*	8.75%

*In this above example, the Contractor owns 3 LNG-fueled vehicles and 7 diesel-fueled vehicles.

Weighted Service Fee Adjustment Percentage

Table 5–Sum of Adjustments

Rate Component	Relative weight of service fee	Adjustment due to change in indices/change in disposal tipping fees	Weighted Rate Adjustment Percentage
Service Component (CPI)	85%	2.27%	1.93%
Fuel Component			
LNG			
CNG	5%	5.58%	0.28%
Diesel	10%	8.75%	0.88%
Weighted Rate Adjustment Percentage	100%		16.03%

Adjusted Rate (Annual increase or decrease in CPI, LNG, CNG, Diesel

If the Weighted Service Fee Adjustment Percentage is 16.03% percent, then a hypothetical service fee of \$17.00 would be adjusted as follows:

$$\$17.00 + [16.03\% \times \$17.00] =$$

$$\$17.00 + \$2.72 =$$

$$\mathbf{\$19.72 = \text{adjusted Net Rate}}$$

b. Adjustments for Service Changes / Change Orders.

The service fee will be adjusted for changes under this subsection.

(1) Process.

Upon either party’s request for either or both change in service and adjustment in the service fee, the parties will comply with the following protocol.

Examples of request include: Contractor’s request for an increase in service fees following:

- a) **Change in Law:** a change in law that mandates changes in the manner or means of providing contract service, such as adding food waste collection to a contract for collecting waste at County facilities, or
- b) **Change in Service:** County’s request for change in scope of services, such as adding a new program of education and outreach to residents and businesses, informing them of new requirements under AB 1823 regulations.

CHANGE IN SERVICES (RATE ADJUSTMENT PROTOCOL)		
County	Contractor	Response Time (or longer period agreed upon by parties)
<p>(1) County Direction. for change in services</p>	<p>Contractor Request for change in services, including any adjustment in the service fee, describing Contractor’s reasons for its request, such as:</p> <ul style="list-style-type: none"> • Incorporating new developments in collection technologies and techniques that save operating costs; • Implementing changes necessitated by a change in law. <p>Response to either County-directed or Contractor requested change: Give County an implementation plan including impacts on:</p> <ul style="list-style-type: none"> • Performance Specifications / Operations • Schedules, • Performance standards, • Capital investment, and • The service fee and on <p>Contractor’s calculations of the cost of the change.</p> <p>For both County direction and its own request, give County all its financial and other records and those of affiliates that are related to implementing the change, such as</p>	<p>Response. 15 business days.</p> <p>In an uncontrollable circumstance, Contractor and County will use their best efforts to agree upon a change orders rapidly to avoid service interruptions and threats to public health and safety.</p>

	providing administrative support or operational overhead.	
--	---	--

Request Additional Information from Contractor or Contractor’s affiliates.	Response. Contractor gives County requested information.	10 business days.
Review and Determination. After County review and audit of the requested information, and upon approval of the Board of Supervisors. County may adjust the service fee as of July 1, in its sole discretion, subject to Contractor dispute under this Attachment A, below.	Reach agreement, or dispute determination, below.	15 days

Calculations. All calculations are rounded to the nearest 1/100th decimal place (for example, 101.9656% to 101.97%, or 101.9637% to 101.96%). The decimal 5 is rounded down (for example, 101.965% to 101.96%). Adjustments to the service fee are rounded to the nearest penny (for example, \$25.34).

Independent MSW Expert Fee Dispute Resolution Protocol

Dispute resolution proceedings may be requested by either party. First they must select a dispute mediator (“Independent MSW Expert”), who has experience in municipal solid waste management, particularly respecting the nature of the dispute. The Expert need not someone from the legal profession but might be someone from the MSW engineering or consulting profession. Parties will each pay the Expert for the services that the Expert provides them individually during “Information Exchange”, below, such as costs of requesting and reviewing their documentation. They will and split the Experts’ costs incurred during “Determination”, below.

An example of a dispute is if Contractor claims that a service fee adjustment for collecting food waste is greater than the adjustment that County will accept.

Dispute Resolution Protocol. County and Contractor may revise the protocol following agreement (such as extending response times). The existing service fee will remain in effect until parties resolve the dispute.

ACTION	TIME FRAME
<p><i>Examples of disputes include:</i></p> <ul style="list-style-type: none"> • Breach. County claims that Contractor has breached a truck turn-around performance standard under the Transfer Contract and assess liquidated damages. Contractor denies the breach and the damages. • Service Fee Adjustment. Contractor claims that a service fee adjustment for transferring source separated organics should be an additional \$A.B.C. / ton. County believes that the adjustment should be less, only an additional \$0.[xx-yy] / ton. <p>Independent MSW Expert.</p> <p>(1) County and Contractor will select independent individuals or entities having experience in solid waste, recycling and construction and demolition debris collection, as applicable in the parties' dispute.</p> <p>(2) The 2 selected individuals or entities will pick a 3rd independent individual with that same experience who will be the Individual MSW Expert.</p>	<p>(1) 5 days</p> <p>(2) 5 days</p>
<p>Information Exchange.</p> <p>(1) County and Contractor will forward information provided during prior rate adjustment protocol.</p> <p>(2) Independent MSW Expert asks for additional information or documentation.</p> <p>(3) Parties give Independent Expert requested items and simultaneously give other the party a copy. Information or documentation that sends to the Expert absent request they will simultaneously give the other party a copy.</p>	<p>(1) 3 days</p> <p>(2) 5 days</p> <p>(3) 10 days</p>

<p>Determination. The Independent MSW Expert will make its determination of the dispute based on the parties’ submissions, its experience with similar services and disputes, and other factual determinations it may make regarding the dispute. A rate adjustment should reflect considerations including any increase (or decrease) in Contractor’s:</p> <ul style="list-style-type: none"> • Capital investments (<i>such as additional trucks or containers, recyclables processing equipment, landfill construction</i>), and • Labor costs (<i>such as more drivers, recyclables pickers or landfill employees / slower recyclables sorting, longer shifts</i>). <p>(1) Binding: No change. Determinations that do not require a service fee adjustment will be binding.</p> <p>(2) Non-Binding: change more than maximum limits. Determinations that <i>do</i> adjust the service fee will be non-binding</p> <p>Termination: Either County or Contractor may terminate this Contract within 30 days of the determination or other date agreed to by the County and Contractor.</p>	<p>15 days</p>
